Mission Statement

"ThinLine's mission is to improve your riding pleasure, skill and performance. Thinline saddle pads are made with a shock-absorbing, breathable foam that molds to the horse, creates better saddle fit, and enhances riding. Properties of the foam create harmony between rider and horse. ThinLine products come with a money back guarantee and you and your horse will experience improved performance and closer communication."

Benefits of ThinLine

- *State of the art lateral shock absorption that avoids any recoil to the spine of either the horse or the rider.
- *Greater comfort achieved as weight is evenly distributed, and heat is vented.
- *Cues will be almost invisible, enhancing the ride.
- *ThinLine pads are the only pad on the market endorsed by spinal surgeons for riders with sore backs.
- *Pads are shimmable to allow for minor saddle fit adjustments.

Benefits of ThinLine Tack

ThinLine tack is designed to give a relaxed, consistent feel. Reins are made to maximize soft, relaxed and even contact from the rider's hands. ThinLine boots vent heat so tendons stay cooler and are safe to use on multiple horses. Girths are designed with ThinLine's non-slip technology to insure a safe, comfortable ride.

Half Pads

Are designed to be discreet and fit under the weight bearing areas of saddles.

All Ultra ThinLine and ThinLine Basic Pads offer technologically advanced benefits for both horse and rider. While the material is breathable, it is not wicking. Basic Pads may be used directly against the horse, but for maximum life span, protection, and results it is recommended to use them between the saddle and any saddle pad.

Basic Pads may develop creases when folded for storage or shipping. With use, the creases will disappear. These pads will mold to the horse's shape when warmed to body temperature and will not pinch or pull across the withers or spine.

**7304 - Cotton Liners**

Black

I'm Shimmable!

L: 31" along the spine with a 15" drop € 166,90
 M: 28" x 28" square € 160,90

28.5" spine
 29" across shoulder
 26.5" across seat

ThinLine Basic Pads (1/4" thick) are perfect for less experienced riders, young horses, sensitive backs (both equine and human), and lesson programs.

Ultra ThinLine is thinner (3/16" thick) and more subtle as to not interfere with custom fitted saddles. Ultra ThinLine Basic Pads offer added comfort and stability for quiet riders and balanced horses.

Both materials offer all the benefits of ThinLine's unequivocal protection, increased communication, and superior performance.

Create the Bond

THINLINE®

ThinLine material adds maximum shock distribution for high impact disciplines such as jumping, gaming, and, endurance.

ThinLine Half Pads

Offer something for everyone, from pleasure riders to top show ring competitors.

Options Available in Dark Brown or Black For sizes Cob, Full (Horse), and Oversize

ThinLine has done what rubber reins have always tried to do, only better. These reins do not deteriorate or break down, there is no break-in period, and they offer unprecedented grip even when wet. The ends are made of 5/8" English Leather and the reins are 3/4" thick, which makes them suitable for those with small hands or arthritis.

Saddle Pads

ThinLine offers a full year warranty on all pads when used and cared for as directed. Please follow care instructions on all products. Since we use real sheepskin, it's especially important to care for the hide properly. ThinLine pads generally last longer than any comparable product on the market! Our friendly and knowledgeable staff is always available to help with any questions or problems.

Tack and Boots

ThinLine offers a full year warranty on all tack and boots when cared for as directed. Please follow all recommended care instructions to ensure the longest life possible for tack and boots. ThinLine is known not only for its performance, but also for its longevity and ease of care.

Take care of your ThinLine and it will take care of you!

Remember, we offer a 100% money back guarantee that you will feel a difference in yourself and your horse.
